

## THE MASTER OF UPHOLSTERY DEPARTMENT

 **Adres:** Zdrój 49a, 62-065 Grodzisk Wlkp.  **Obszar:** Produkcja  **Wymiar czasu pracy:** Pełny eteat

### ABOUT THE ROLE

The Master of Upholstery Department oversees all upholstery operations, ensuring high-quality craftsmanship, efficient production processes, and timely completion of projects. This role is responsible for supervising upholstery staff, managing workflow, and maintaining quality standards for furniture and related products. The Master of Upholstery collaborates with design, production, and quality control teams to ensure materials, techniques, and finishes meet organizational and client expectations. The position requires advanced technical upholstery expertise, leadership skills, and strong attention to detail to support productivity and continuous improvement within the department.

### KEY RESPONSIBILITIES

- Managing a subordinate team (approximately 30-40 people)
- Planning tasks for individual positions
- Supervising the implementation of the production plan in accordance with quality and quantity requirements
- Analyzing process data and its results
- Supervising the preparation of materials for production
- Supervising compliance with applicable standards and procedures of the integrated management system
- Initiating and taking actions aimed at increasing productivity and reducing production costs
- Optimizing the use of employee and production workstation time
- Ongoing reporting of shift results
- Technical support in the workshop
- Problem-solving in consultation with the technology office
- Supervising internal training and employee development
- Supervising continuous improvement in the area of occupational health and safety
- Supervising workshop documentation

### QUALIFICATIONS

- Education: minimum secondary technical education
- Fluent English
- Minimum 2 years of experience in a similar position in production, in the upholstery or sewing department
- Experience in people management
- Good work organization, independence, punctuality
- Stress resistance and the ability to work under time pressure
- Responsibility
- Knowledge of technical and technological documentation
- Knowledge of technological processes
- Leadership skills

### WE OFFER

- Becoming a member of a motivated and enthusiastic team and shape and develop the future of our growing organization
- Dynamic and collaborative work environment.
- Competitive salary and benefits packages.
- Work in an international environment within a long-term oriented family-owned business
- Opportunity to develop within the organization
