ABOUT THE ROLE

We are looking for a Supplier Management Specialist responsible for building and maintaining effective relationships with suppliers, ensuring continuity of supply, quality compliance, and cost efficiency. This role plays a key part in supplier performance management and cross-functional cooperation within the organization.

KEY RESPONSIBILITIES

- Managing and developing relationships with suppliers
- Evaluating supplier performance (quality, delivery, cost, reliability)
- Coordinating supplier selection, onboarding, and audits
- Negotiating commercial terms and supporting contract management
- Monitoring supply risks and proposing corrective and preventive actions
- Cooperating with Purchasing, Quality, and Production departments
- Supporting complaint handling and continuous improvement initiatives

QALIFICATIONS

- Experience in supplier management, purchasing, or supply chain
- Strong negotiation and communication skills
- Ability to analyze supplier performance and market data
- Knowledge of quality standards and supply chain processes
- Good organizational and problem-solving skills
- Fluency in English (written and spoken)
- Proactive and collaborative mindset

WE OFFER

- Becoming a member of a motivated and enthusiastic team and shape and develop the future of our growing organization
- Dynamic and collaborative work environment.
- Competitive salary and benefits packages.
- Work in an international environment within a long-term oriented family-owned business
- Opportunity to develop within the organization
